UNITED WAY
WOMEN UNITED

LEADING THE CHARGE, INSPIRING THE CHANGE
WE ARE WOMEN UNITED.

As an integral part of United Way, Women United® mobilizes donors, volunteers, and community partners to improve the lives of youth and their families. We are a diverse, vibrant community, bound together by a powerful sense of belonging — to each other, to the organization’s mission, and to the communities we call home. Our powerful, global network of women leaders, over 70,000 strong, lives united against the most critical issues facing more than 165 communities in six countries.

WE IGNITE CHANGE.

Women United is a group inspired to make a real change in the lives of children and their families. Our current focus is on early grade reading and combating the summer slide. In the summer months, children with limited or no access to books and activities fall behind. Each year a child is without these resources, the learning gap widens. If the learning gap remains by the end of third grade, they will never catch up with their peers. Funds raised advance our work in education and help children read to learn, instead of learning to read, by the start of fourth grade. We ignite the power of women — who bring the passion, expertise, and resources needed to get things done – to create lasting change in our community.

WE ARE DIFFERENT.

We don’t stand by. We’re raising our voices, rolling up our sleeves, and leaving our fingerprints on a legacy of change that benefits everyone. As part of United Way, we have unparalleled resources to make lasting local changes with global impact.

COMMUNITY IMPACT HIGHLIGHTS
